E-Mail: infopoint.americas@styrolution.com

We hereby declare that regarding the composition of the products manufactured and identified as:

Crystal Polystyrene: 1200, 1201, 1290, 1291, 1300, 1301, 1600, 1611, 1621, 1700, 2600, 2601, 2610, 3100, 3101, 3190, 3191, 3600, 3601

The listed crystal polystyrene products comply with the requirements of Food and Drug Administration *21 CFR Section 177.1640 (4-1 2011 Edition)* and are manufactured as described in this section so as to meet the specifications prescribed when tested by the method described. The products described fall into category (a) (1), basic polymer produced by polymerizing styrene, and meet the strictest residual styrene monomer specifications in (c) (1) of below 0.5 weight percent. The polystyrene products identified may be safely used as articles or components of articles intended for use in contact with food, subject to the provisions of this section.

Impact Polystyrene: 5300, 5310, 5400, 5401, 5410, 5600, 5601, 5801, 6200, 6201, 6210, 6220, 6230, 7120, 7800

The listed impact polystyrene products comply with the requirements of Food and Drug Administration *21 CFR Section 177.1640(4-1-2011 Edition)* and are manufactured as described in this section so as to meet the specifications prescribed when tested by the method described. The products described fall into category (a) (2), rubber modified polystyrene, and meet the strictest residual styrene monomer specifications in (c) (2) of below 0.5 weight percent. The polystyrene products identified may be safely used as articles or components of articles intended for use in contact with food, subject to the provisions of this section.

As a resin supplier, Styrolution America LLC cannot be held responsible for any processing which may occur to produce finished articles, packaging materials or their components.

Appropriate processing conditions of the articles must be applied. The suitability of the articles for the application concerned, including effect on odor and taste and the observance of any given migration limitations, must be reviewed in each case by the converter or packer.

Please note that this declaration is only valid for prime products manufactured within NAFTA.
